

Fiberglass Mezzanines & Catwalks

Ultra's fiberglass mezzanines can be designed to any application, and to almost any loading. Designed with ease of modular assembly on-site in mind, these fiberglass structural fabrications offer strength, adaptability and corrosion resistance. The lightweight characteristics of structural fiberglass saves on site assembly and freight dollars.

Dairy handling catwalk with removable handrail. Fiberglass platform shipped in easy to connect, modular sections.

Truck wash facility employing fiberglass structural walkway featuring FRP handrail and stairs.

Truck wash facility with fiberglass walkways
