

Dairy Industry

Constantly cleaning and everything is wet -- fiberglass treads and grating keep workers safe and efficient around tanks and tight spaces.

Ultra will custom design and fabricate access platforms, guardrail, staircases and ladders to meet your requirements. Sealed fiberglass is used to prevent bacteria growth and comply with USDA requirements.

- Employee Safe Anti-Slip Surfaces
- Maintenance Free & Light Weight
- Reduces Bacterial Contamination
- No Rust or Corrosion
- High Strength, Non-Conductive
- Easy Installation, No Cranes or Welding
