

Fiberglass Tables

Tables are custom built to your specifications. Fiberglass is non-conductive and strong for a variety of applications in any corrosive or wet environment, such as machine assembly areas, food processing, wash down areas, medical equipment, chemical or battery storage areas.

Splash cabinets for refilling chemicals with quick-connect hoses from tank trucks.

Ultra Fiberglass Systems is a premier, full service fabricator of fiberglass platforms, ladders, handrail, grating and open stock fiberglass structurals. Call Ultra today for further information and design assistance.
