

Packaging and Processing

Custom Fit and Function

Ultra provides custom "Made to Order" access platforms for every application in the packaging industry. For over 30 years Ultra has provided OEM access platforms, stairs, walkovers, ladders, tank access and catwalks.

- Custom designed & engineered for your product
- Lean Process Improvement via business partner integration
- Your key personnel stay focused on your product delivery
- Easy to move with line changes and expansions
- Walkovers help meet efficiency targets
- Cost-Effective, Reduce BOM manufacturing costs
- Green Product integration
- Safe, non-slip surfaces available, and comfortable to stand
- Low Maintenance, Washable, Corrosion Resistant
- Complete turnkey -- design to installation

Ultra's access platforms are used with Palletizers, De-palletizers, Fillers, Keg Fillers, Cappers, Washers, Pasteurizers, Process Tanks and Labelers.

Mechanical connections provide simple disassembly for replacing or moving machines without welding, cutting or repainting. No hot permits required.

Ultra provides proven cost reduction and increases Lean efficiencies for your products and processes. Call us today to quote your project or expansion.
